ALL OCEAN SERVICES, LLC

ENGINEERING MANAGEMENT SERVICES GROUP

BUSINESS SUMMARY

All Ocean Services is a Diverse Marine Group. Our Owner, CEO has over 30 years Experience in the Maritime Industry. Sailing as a Chief Engineer, Motor, Steam & Gas Turbine, any Horse Power, with a current USCG Chief Engineer's License. Our Staff of Licensed Engineers and Deck Officers have hands on experience in Vessel Operations, Ship Yard & Project Management, Project Planning, Port Engineering Services, Owners Representative for Dry Docking Projects and Supervision. AOS provides Purchasing, Logistics and Expediting services and solutions to a wide variety of ship owners. Government agencies, US Navy, USCG, MARRAD and NOAA.

AOS has developed longstanding working relationships with vendors, suppliers and major foreign and domestic labor organizations, allowing us to provide professional management services. The policies and procedures reflected in every aspect of our management system are based on recognized ISO and ISM standards to ensure regulatory compliance.

ADDITIONAL SPECIALIZED SERVICES

- Develop Dry Docking Specifications
- Prepare Budgets and Estimates
- Planned Maintenance Systems, Developing and Implementation
- International Safety Management System, Developing and Implementation
- International Ship Security Plans, (ISSP) Developing and Implementation
- Day to Day Operational Technical Support, 24 Hours per Day, 7 Days Per Week

PURCHASING SERVICES AND SALES

Our Purchasing Group of Commercial Buyers and Expeditors was originally formed to provide Professional Purchasing, Logistics and field Expediting Support. We now serve Alaska, Hawaii, Pacific Rim, West and East Coasts of the US, Gulf Coast of the US and Internationally. We represent your interest as though they were our own.

PURCHASING, We supply the exact materials, Marine and Industrial Machinery, Mechanical Components, HVAC and Refrigeration Equipment. Electrical, Piping and Fittings and many other products. You share the results of our cost effective volume buying.

LOGISTICS, We arrange hassle-free transportation for all your materials to even the most remote locations.

EXPEDITING, We follow up on your contracts and orders to insure on-time delivery and uninterrupted job progress. Field expediting can be expensive when you send your own personnel. We supply this cost effective service.
